	Creating Rich UX for Specialized Devices Using Microsoft Silverlight for Windows Embedded	Embedded , Silverlight
Sunday 9:00 AM	Microsoft Silverlight 4 Boot Camp	Silverlight , Workshop
	Media Processing Workflow	Media , Workshop
	HTML5 Now: The Future of Web Markup Today (Part 1 of 2)	Open Standards , Workshop
	Design Fundamentals for Developers (and Other Non-Designers)	UX , Workshop
Sunday 1:30 PM	Design Tools and Techniques	UX , Workshop
	Building Cloud Services with Windows Azure Platform	Windows Azure , Workshop
	Microsoft ASP.NET MVC Boot Camp	ASP.NET , Workshop
	HTML5 Now: The Future of Web Markup Today (Part 2 of 2)	Open Standards , Workshop
Monday 9:00 AM	Keynote Day 1	none
Monday 11:30 AM	Building Offline Web Apps Using Microsoft Sync Framework	SQL Azure , Windows Azure
	Microsoft Silverlight 4 Overview: What's in Store for Silverlight 4?	Silverlight
	Changing our Game – an Introduction to Windows Phone 7 Series	Mobile , Windows Phone
	Cloud Computing Economies of Scale	Cloud
	Beyond File New Company: From Cheesy Sample to Social Platform	ASP.NET , MVC , OData
	Robots at MySpace: Massive Scaling a .NET Website with the Microsoft Robotic Studio	.NET
	A Case Study: Rapid WordPress Design and Prototyping with Expression Web 3	Expression
	Designing Corporate Web Sites using SharePoint 2010	Expression , SharePoint , Visual Studio
	Great User Experiences: Seamlessly Blending Technology and Design	UX
	Syncing Audio, Video and Animations in Microsoft Silverlight Applications	Open Call , Silverlight
Monday 12:05 PM	Designing Rich Experiences for Data-Centric Applications	Silverlight , UX
Monday 2:00 PM	Building Pivot Collections	From the Labs , Silverlight , UX
	Overview of the Windows Phone 7 Series Application Platform	Mobile , Silverlight , Windows Phone , XNA
	Building the eBay Simple Lister with Silverlight	Silverlight
	Do You Speak My Language? Microsoft Translator and the Power of Collaboration	Cloud
	Total Experience Design	UX
	Authoring for Windows Phone, Silverlight 4 and WPF 4 with Expression Blend	Expression , Silverlight
	The Microsoft Silverlight Analytics Framework	Silverlight
	Using Windows Identity Foundation for Creating Identity-Driven Experiences in Microsoft Silverlight	Identity
	The Art, Technology and Science of Reading	UX
	Understanding the Model-View-ViewModel Pattern	MVVM , Open Call , Silverlight
Monday 2:35 PM	Incarnate: Behind the Scenes	From the Labs
Monday 3:30 PM	Storm Clouds: What to Consider About Privacy Before Writing a Line of Code	Cloud
	Designing and Delivering Scalable and Resilient Web Services	.NET , Cloud
	10 Ways to Attack a Design Problem and Come Out Winning	UX
	Build Your Own MVVM Framework	MVVM , Open Call
	Lap around the Windows Azure Platform	Cloud , SQL Azure , Windows Azure , Windows Azure Platform
	The Mono Project	.NET , Open Standards , Silverlight
	Windows Phone UI and Design Language	Mobile , Windows Phone
	Building Rich and Interactive User Experiences in SharePoint	SharePoint , Silverlight , UX
	Stepping Outside the Browser with Microsoft Silverlight 4	Silverlight
Monday 4:05 PM	Copyright: A Cloudy Subject	Cloud
Tuesday 9:00 AM	Keynote Day 2	none
Tuesday 11:30 AM	Six Things Every jQuery Developer Must Know	AJAX , jQuery , Open Call
	Quickly Implementing New Cross-Browser Features with Ruby and Python	From the Labs , Languages
	Touch in Public: Multi-touch Interaction Design for Kiosks and Architectural Experiences	UX , Windows 7
	OData: There's a Feed for That	OData
	Microsoft Silverlight "Media" : Moving at 60fps	Expression , IIS , Media , Silverlight , Windows Phone
	Building and Deploying Windows Azure-Based Applications with Microsoft Visual Studio 2010	Cloud , SQL Azure , Windows Azure , Windows Azure Platform
	What's New in Microsoft ASP.NET MVC 2	ASP.NET , MVC
	Service Design Goes Social	UX
	An Introduction to Developing Applications for Microsoft Silverlight	Mobile , Silverlight , Windows Phone
	Microsoft Silverlight 4 Business Applications	Silverlight
Tuesday	Practical Strategies for Debugging Cross-Browser Display Issues	UX

12:05 PM		
Tuesday 1:30 PM	Debugging Microsoft Silverlight Applications	Silverlight
	Microsoft Project Code Name "Dallas": Data For Your Apps	Cloud , SQL Azure , Windows Azure Platform
	Building Facebook Apps with Microsoft .NET and Deploying to Windows Azure	.NET , Open Call , Windows Azure Platform
	Developing with WCF RIA Services Quickly and Effectively	MVVM , Silverlight , WCF
	Introducing the Silverlight Rough Cut Editor	Silverlight
	Designing Bing: Heart and Science	Bing
	Creating Great Experiences through Collaboration	UX
	The HaaHa Show: Microsoft ASP.NET MVC Security with Haack and Hanselman	ASP.NET , MVC
	In-Depth Look at Internet Explorer 9	Internet Explorer
	Building Windows Phone Applications with Silverlight, Part 1	Mobile , Silverlight , Windows Phone
Tuesday 2:05 PM	Unit Testing Silverlight and Windows Phone Applications	Silverlight , Windows Phone
Tuesday 3:00 PM	Securing Microsoft Silverlight Applications	Open Call , Silverlight
	HTML5: High-Performance Best Practices for Web Sites	Internet Explorer , Windows
	Total Experience: A Design Methodology for Agencies	UX
	Building Windows Phone Applications with Silverlight, Part 2	Mobile , Silverlight , Windows Phone
	Smooth Streaming Live in HD: From Camera to Screen	IIS , Media , Silverlight
	The Elephant in the Room	From the Labs , UX
	Building an Accessible Microsoft Silverlight Experience	Silverlight
	The Tale of JavaScript. I Mean ECMAScript.	JavaScript , Languages
	To Be Announced	AJAX , ASP.NET
	Building PHP Applications using the Windows Azure Platform	Windows Azure Platform
	Implementing OData: How to Create a Feed for That	OData
Tuesday 3:35 PM	Microsoft Silverlight Optimization and Extensibility with MEF	Silverlight
Tuesday 4:30 PM	An Hour With Bill Buxton	UX
	Smooth Streaming Live in HD: 2010 Olympic Winter Games	Media
	Development and Debugging Tools for Building XNA Games for Windows Phone	Mobile , Windows Phone , XNA
	Driving Experiences via Services Using the Microsoft .NET Framework	.NET , Cloud , WCF
	The Laws of User Experience	UX
	Silverlight Performance on Windows Phone	Mobile , Silverlight , Windows Phone
	Modern Web Form Design	AJAX , UX
	Principles of Microsoft Silverlight Graphics and Animation	Silverlight
	Using Ruby on Rails to Build Windows Azure Applications	Cloud , Windows Azure
	How jQuery Makes Hard Things Simple	jQuery
Tuesday 5:05 PM	Software and Web Entrepreneurs: Go Big with BizSpark and WebsiteSpark	Business
Wednesday 9:00 AM	The Type We Want	UX
	Advanced Web Debugging with Fiddler	.NET , AJAX , Internet Explorer
	Windows Phone Application Platform Architecture	Mobile , Windows Phone
	Building Platforms and Applications for the Real-Time Web	Cloud
	Designing an Internet-Facing Web Site Using SharePoint 2010	Open Standards , SharePoint , Silverlight
	Using Storage in the Windows Azure Platform	SQL Azure , Windows Azure , Windows Azure Platform
	Design the Ordinary. Like the Fixie	UX
	Accessing Data in a Microsoft .NET-Connected Web Application	.NET , OData
	Developing Multiplayer Games with Microsoft Silverlight 4	Silverlight
	Building Great Standards-Based Websites for the Big Wide World with Microsoft ASP.NET 4	ASP.NET , MVC , Open Call
Wednesday 9:35 AM	Internet Explorer Developer Tools	Internet Explorer
Wednesday 10:30 AM	Flash Skills Applied to Microsoft Silverlight Design and Development	Silverlight
	Building Innovative Windows Client Software	Windows 7
	Developing Natural User Interfaces with Microsoft Silverlight and WPF 4 Touch	Multi-Touch , Open Call , Silverlight
	Building Web Applications with Windows Azure Storage	Cloud , Windows Azure
	Building Large-Scale, Data-Centric Applications with Silverlight	Silverlight
	Distributing and Monetizing Windows Phone Applications and Games	Mobile , Windows Phone
	The Democratization of the Design Industry	Cloud , UX
	HTML5: Cross-Browser Best Practices	Internet Explorer , Open Standards
	Adding the "Where" to the "When" of Social Applications	Cloud
Wednesday 11:05 AM	Dynamic Layout and Transitions for Microsoft Silverlight 4 with Microsoft Expression Blend	Expression , Silverlight
Wednesday 12:00 PM	Web Deployment Made Awesome: If You're Using XCopy, You're Doing It Wrong	.NET , Visual Studio
	Opening Up Opportunity with Twitter	Cloud
	SVG: The Past, Present and Future of Vector Graphics for the Web	Open Standards
	Search Engine Optimization for Microsoft Silverlight	Silverlight
	IronRuby for the .NET Developer	.NET , Languages , Open Call
	Prototyping Rich Microsoft Silverlight Applications with Expression SketchFlow	Expression , Silverlight
	Treat Your Content Right	UX

	Building Web Applications with Microsoft SQL Azure	Cloud , SQL Azure , Windows Azure Platform
	Building Windows Phone Games	Mobile , Silverlight , Windows Phone , XNA
	Participating in the Web of Data with Open Standards	UX
Wednesday 12:35 PM	Accessing Web Services in Microsoft Silverlight	Silverlight , WCF
Wednesday 1:30 PM	Creating Effective Info Viz in Microsoft Silverlight	Open Call , Silverlight
	Building a High Performance 3D Game for Windows Phone	Mobile , Windows Phone , XNA
	Connecting Your Applications in the Cloud with Windows Azure AppFabric	AppFabric , Cloud , Windows Azure Platform
	Deep Dive into Orchard Extensibility for CMS Developers	ASP.NET
	Building Finance Applications with Microsoft Silverlight 4	Silverlight
	Unlocking Audio/Video Content with Speech Recognition	From the Labs , Media
	Microsoft Surface Goes Social: Research Project at the University of Linz	Multi-Touch , Open Call , Surface , UX
	Pumping "Iron" on the Web: IronRuby and IronPython	.NET , Languages
	Running with Wireframes: Taking Information Architecture (IA) into Design	UX
	Peanut Butter and Jelly: Putting 'Content Management' Back into Context	UX
Wednesday 2:05 PM	An Enterprise Perspective on Silverlight 4	Silverlight
Wednesday 3:00 PM	Building a Next-Generation Web Application with Microsoft ASP.NET MVC 2 and jQuery	ASP.NET , jQuery , MVC
	Reactive Extensions for JavaScript	AJAX , From the Labs
	Improving Software Quality for the Modern Web	Visual Studio
	Designing and Developing for the Rich Mobile Web	Mobile , Windows Phone
	Improving the Usability and Security of OpenID	Identity
	Tips and Tricks for Making Web Forms Shine with Microsoft ASP.NET 4	ASP.NET
	Lifecycle of a Wireframe	UX
	From Comp to Code: A Design Communion	UX
	Microsoft Silverlight and Windows Azure: A Match Made for the Web	Cloud , Silverlight , Windows Azure
	The OpenRasta Framework for Building RESTful Applications	Open Call , REST
